Bill/Kelly –

Please find attached an Excel spreadsheet for which I have been tracking Congressional inquiries for FY2015 to gain a better of the number of inquiries by month and a breakdown of the percentages of these inquiries by Division. Since this is the last day of the fiscal year, I wanted to share the tracking results with each of you. The first page “summary sheet” is probably the most useful as it provides the overall breakdown of number of inquiries by Members by Division by month. The sheets that follow the summary sheet are a copy/paste of information from the daily End-of-Day reports. Thanks to (b) (6) in our Enforcement Division for helping design this Excel spreadsheet for OPA’s needs. Please let me know if you have any questions or need any additional information.
